ARTICLE VII - CODE OF ETHICS

The UNITED SQUARE DANCERS OF AMERICA, INC., The National Organization for Square Dancers, has adopted a Dancers Code of Ethics. During its third annual meeting held in Baltimore, Maryland on June 29, 1984, concurrently with the 33rd National Square Dance Convention, the UNITED SQUARE DANCERS OF AMERICA Board of Directors approved the following resolution urging all Square Dancers to adhere to an accepted Code of Ethics.

"Square Dancers everywhere are encouraged to comply with an appropriate Code of Ethics which will enhance the public image and the pleasure of the movement to all dancers and non-dancers, as well.

Among the unique aspects of this wholesome activity is the attractive attire which is an intrinsic part of the image of the Square Dance. Accordingly the wearing of appropriate apparel is as important to the enjoyment of the participants as it is to those watching. Not only should the clothing of the dancers be appealing to the eye, but also functional to the others within the Square. This includes the wearing of long sleeved shirts and ties for the men and full skirts for the ladies.

Avoidance of alcoholic beverages both before and during dances is essential to ensure the enjoyment for everyone. A single drink can severely diminish the response time required to execute the intricate moves of the dance. Square Dancing in itself has the capability of providing sufficient exhilaration to warrant abstinence from alcohol on dance nights.

Courtesy to others is important at all times. This includes personal cleanliness, as square dancing is an energetic recreation which can be offensive should adequate precautions not be taken.

The welcoming of others into the Dance and into the squares is an integral part of the social aspect of Square Dancing. Walking out of a square at any time is considered a severe insult. At the end of a dance, no one should leave the square before thanking everyone who contributed to the joy and the fun of dancing together.

Conforming to the accepted and generally taught maneuvers for execution of the movements helps to eliminate any uncertainty among other dancers. Proper styling while dancing is as important to the enjoyment of the square dance as is proper execution of the movements.

Adherence to these guidelines should be encouraged from the very early stages of beginners class. The best means of achieving this is through example by experienced dancers and leaders and by the incorporation of Ethics into the educational process during the class."

It is felt that through the re-affirmation of these long recognized rules of conduct, dancers everywhere will be reminded of the importance of courtesy, friendliness and personal hygiene. All of these things are an integral part of the Square Dance activity.
